## Criminal Justice - Law Enforcement (9620)

The Law Enforcement degree program introduces pre-service students to careers in law enforcement and equips students with both the skills and knowledge needed to pursue careers and/or additional education. Positions are available in federal, state, local, and private law enforcement agencies as well as in community-based victim, witness, diversion, and crime prevention programs.

The program is also intended to support the continued professional growth of in-service law enforcement practitioners through the enhancement of general skills and knowledge related to the law enforcement field. Therefore, credit may be granted for in-service practitioners who present proof of having completed advanced law enforcement-related training/educational programs and/or the Basic Police Academy of the Ohio Peace Officer Training Academy for the Ohio Peace Officer Training Council. Students seeking credit for experience should contact the Counseling Office or the Criminal Justice Program Director.

Legislative mandates also govern admission requirements for employment in the law enforcement field. These mandates include, but are not limited to, completion of an Ohio Basic Police Training Academy prior to working as a police officer, and maintenance of both good moral character and a clean criminal record.

Lakeland graduates may, through transfer agreements with local four-year colleges, choose to continue their formal education toward positions at the federal and state levels.

Students are required to develop an area of concentration in the program through the selection of technical electives. Areas of concentration include:

- General Concentration **OR**
- Crime Scene Technology Concentration **OR**
- Computer Forensic Technology Concentration

**A certificate is also available.**

## Areas of Concentration

Students are required to develop an area of concentration in the program through the selection of technical electives. Areas of concentration include:

- General Concentration **OR**
- Crime Scene Technology Concentration **OR**
- Computer Forensic Technology Concentration

**General Concentration:** Students choose any combination of 9 credits of approved technical electives.

**Crime Scene Technology Concentration:** This area of concentration provides students with the basic knowledge and skills to direct a crime scene investigation, but not conduct forensic science analysis.

CRMJ 1230. . . . .	Introduction to Forensic Science Technology . . . . .	3
CRMJ 2213. . . . .	Criminal Investigation. . . . .	3
PHOT 2100. . . . .	Forensic Photography . . . . .	3

Those students interested in pursuing a forensic science career are encouraged to plan for transfer to an appropriate bachelor's degree program and complete an Associate of Science Degree. Also, it is recommended that students complete their general electives (11 credits) as follows:

CRMJ 1110. . . . .	Introduction to Criminal Justice . . . . .	4
CRMJ 1230. . . . .	Introduction to Forensic Science Technology . . . . .	3
CRMJ 2213. . . . .	Criminal Investigation. . . . .	3
	Choice of appropriate general elective . . . . .	1

**Computer Forensic Technology Concentration:** This area of concentration provides students with the basic knowledge and skills to utilize and apply computer forensic services and software tools to criminal investigation. Those students interested in pursuing advanced skills and knowledge are encouraged to contact the Information Technology and Computer Science Department Chair or Counseling Office for additional assistance.

ITIS 1030. . . . .	Security Awareness . . . . .	1
ITIS 1360. . . . .	Introduction to Computer Forensics and Investigations . . . . .	3
ITIS 2360. . . . .	Computer Forensics Services, Tools, and Investigation . . . . .	3
ITON 1011. . . . .	Comparative Analysis of Microcomputer Operating Systems . . . . .	2

Students should take these courses in the following sequence:

**Second Semester:** ITIS 1030 and ITON 1011

**Third Semester:** ITIS 1360

**Fourth Semester:** ITIS 2360 and the Mathematics/Science elective
