PROGRAM GUIDE

Applied Studies Division

Histotechnology

- Associate of Applied Science Degree in Histotechnology

Opportunity
starts **HERE**
lakelandcc.edu

Histotechnology

A histotechnician is an individual who is trained in the preparation and staining of tissue slides for microscopic examination and disease diagnosis by the pathologist. Histotechnicians may preserve organs for later examination and perform enzyme and immunohistochemistry techniques. Histotechnicians may also assist the pathologist in the preparation of frozen tissue sections which are used to provide rapid diagnosis.

Career Opportunities

Employment in the histotechnology field is projected to grow 22 percent through 2022.

An increase in the aging population will lead to a greater need to diagnose medical conditions, such as cancer or Type 2 diabetes. Professionals in the histotechnology field fill a vital role in preparing the slides for pathologists to examine.

Motivated histotechnicians can go on to earn a bachelor's degree to become qualified to take the higher level certification exam to become histotechnologists. Students could also pursue a master's degree to find careers as a pathologist's assistant.

Histotechnicians practice in numerous settings including hospitals, clinics, independent labs, research laboratories, and veterinary and forensic pathology laboratories.

The Lakeland Advantage

- Small class sizes allow for individual instruction.
- This is a two-year program leading to an Associate of Applied Science degree.
- Students gain 16 weeks of clinical experience.
- Graduates are eligible to take the ASCP Board of Certification exam.

Lakeland's Program

Lakeland's histotechnician program is a two-year program leading to an Associate of Applied Science degree in histotechnology. The program combines basic science, general education, laboratory techniques, and clinical laboratory experiences. Lakeland students receive personal attention from faculty currently employed in the medical field and gain hands-on training in a simulated hospital laboratory on campus. In addition, the program provides students with 480 clinical-training hours at area laboratories. Lakeland's histotechnician program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences.

A fast track into the field is available for students who already have a bachelor's degree in biology or chemistry or have already met additional courses in the program. Please contact the program director to see if you qualify.

Histotechnology (9395)

Associate of Applied Science Degree

A histotechnician is an individual who is trained in the preparation and staining of tissue slides for microscopic examination and disease diagnosis by the pathologist. Histotechnicians may be employed in a variety of areas, such as hospitals, clinics, doctors' offices, research, veterinary pathology, marine biology, and forensic pathology. Histotechnicians may preserve organs for later examination and perform enzyme and immunohistochemistry techniques. Histotechnicians may also assist the pathologist in the preparation of frozen tissue sections which are used to provide rapid diagnosis.

Mission

Lakeland Community College's Histotechnology Program prepares students to enter this field with entry-level knowledge, competencies, ability and problem-solving skills needed to function in the routine pathology laboratory setting.

Graduates of the program will be eligible for:

- Employment as an entry level practitioner in hospitals, clinics, doctor's offices, and research facilities.
- Transfer to a bachelor degree program
- The national certification examination for HT given by ASCP (American Society of Clinical Pathology)
- Possess the skills of current histotechnology practices as entry level practitioners

Program Outcomes/Goals

The outcomes/goals of the Histotechnology Program will be to:

1. Provide the students with the knowledge and technical skills for career entry into the profession of histotechnology.
2. Prepare students to meet the criteria to sit for the ASCP Board of Registry Examination for Histotechnology.
3. Cultivate personal growth and development through humanities, social science, and communication courses.
4. Develop interpersonal skills and attitudes needed to interact with clients, laboratory staff and other researchers, pathologists, and healthcare professionals.
5. Promote students' awareness of medical ethics and develop their professionalism.

All students enrolled in a nursing or allied health program/certificate must complete a criminal background check. In accordance with clinical site requirements, students with a criminal record may be ineligible to participate in a clinical course/rotation/practicum. Delays, for any reason, in obtaining background results may cause an interruption in the clinical rotation sequence or inability to complete program requirements. Additional background screening may be required by individual facilities.

Drug testing may be requested in accordance with clinical affiliation requirements and/or for patient/student health and safety.

A minimum GPA of 2.0 and a "C" grade or higher is required in all histotechnology and general education courses as listed in the curriculum guide for the AAS degree in histotechnology.

Admission Procedures

Students must meet specific admission requirements for this program. Listed below are requirements for admission to the Histotechnology Program:

Option 1: High School Option

This option is for current high school seniors or high school graduates who apply to the program within two years of high school graduation.

- Complete college application(s).
- Composite score of 21 or higher on the American College Test (ACT) or combined score of 940 on the Scholastic Aptitude Test (SAT).
- Place into MATH 1330 Statistics for the Health Sciences or higher or pass MATH 0850 Beginning Algebra.
- Complete high school algebra, chemistry, and biology with a "C" grade or higher.
- An overall high school GPA of 2.5 on a 4.0 scale or equivalent.
- Meet with the program director and counselor to review program prerequisites and requirements.

Upon successful completion of the above criteria, the applicant will be admitted into the program. Students must complete HLTH 1215 Medical Terminology for Health Professions with a "C" grade or higher prior to enrolling in their first health technology course.

Option 2: College Option

This option is for students who do not qualify for admission under Option 1.

- Complete college application(s).
- Submit high school transcript as well as any college transcript(s).
- Successful passing score on the required program pre-admission test.
- Meet with a counselor to review program prerequisites and requirements.
- Students must have a cumulative GPA of 2.0 or higher in program applicable courses. The following courses, or equivalent courses from other regionally accredited colleges, must be completed with a combined minimum cumulative GPA of 2.5 or higher and a "C" grade or higher.
 - HLTH 1215 Medical Terminology for Health Professions
 - BIOL 2210 Anatomy and Physiology I

NOTE: Students must meet one of these requirements to take BIOL 2210 Anatomy and Physiology I with a "C" or higher:

1. High school biology within last five years and high school chemistry.
2. High school biology within last five years and CHEM 1100 Elementary Chemistry.
3. BIOL 1200 Fundamentals of Biology for the Health Technologies.

Students are required to take the Math Placement Test and be placed into MATH 1330 Statistics for the Health Sciences or complete MATH 0850 Beginning Algebra with a "C" grade or higher.

Option 3: Advanced Education Option

Students pursuing this option must have an Associate of Applied Science Degree in Nursing or Allied Health, Bachelor of Science Degree in a natural science, or an Associate of Science Degree to be waived from the preadmission testing. All other Option 2 requirements apply.

Course	Title	Credit Hours
First Semester		
BIOL 2210	Anatomy and Physiology I	4
CHEM 1100	Elementary Chemistry	4
ENGL 1110 or ENGL 1111	English Composition I (A) ¹ or English Composition I (B)	3
FYEX 1000	First Year Experience	1
HSTY 1100	Introduction to Histotechnology 	4
HSTY 2100	Histology 	3
Credit Hours		19
Second Semester		
BIOL 2220	Anatomy and Physiology II	4
HLTH 1150	Introduction to Electronic Health Records	1
HSTY 2050	Histochemistry 	4
HSTY 2250	Histotechnology 	3
Credit Hours		12
Summer		
BIOL 2700	Microbiology	4
BIOS 2901	Clinical Molecular Diagnostics 	4
Credit Hours		8
Third Semester		
ENGL 1120	English Composition II	3
HSTY 2151	Specialty Areas in Histotechnology 	3
HSTY 2220	Theory and Practice of Immunohistochemistry 	2
MATH 1330	Statistics for the Health Sciences ²	3
Credit Hours		11
Fourth Semester		
COMM 1050 or COMM 1150	Fundamentals of Public Speaking ³ or Fundamentals of Interpersonal Communications	2

HSTY 2300	Histotechnician Clinical Directed Practice 	6
HSTY 2400	Histotechnician Seminar 	2
PSYC 1500 or SOCY 1150	Introduction to Psychology or Principles of Sociology	3
Credit Hours		13
Total Credit Hours		63

¹ English course selection is based on placement test results (ENGL 1111 English Composition I (B) is 4 credits, only 3 credits apply to the degree).

² Students may substitute MATH 1550 Statistics. This 4 credit course may be required for students transferring to a four-year college.

³ Students may substitute COMM 1100 Effective Interpersonal Communications. This 3 credit course may be required for students transferring to a four-year college.

 This course is designated as a technical course in the program. Students must earn a "C" grade or higher in the course to fulfill the college's graduation requirements policy.

Quality Education

Professors at Lakeland are experts in their fields with real-world experience. Lakeland prepares you for a high-demand career or for transfer to a four-year college or university. Access to bachelor's and graduate degrees is available on campus from partner institutions through Lakeland's Holden University Center (lakelandcc.edu/uc).

Affordable Tuition

Lakeland's tuition is about one-third the cost of most four-year schools. More than 50 percent of Lakeland students receive some form of financial assistance (lakelandcc.edu/tuition).

Convenience

Lakeland offers convenient day, evening, weekend and online courses (lakelandcc.edu/schedule).

Focus on Students

Lakeland offers a variety of student services to help you succeed, such as counseling, tutoring, computer labs, career services, free parking and affordable child care.

Opportunity starts HERE

Visit us on campus or online. Call 440.525.7900, email recruitmentcenter@lakelandcc.edu or visit lakelandcc.edu/visit for a campus tour.
