

HERE'S HOW WE'RE KEEPING YOU SAFE

Lakeland is closely monitoring the COVID-19 pandemic, with the safety and well-being of our students, employees and campus community as our top priority.

The Lakeland Smart, Safe, Strong Task Force is coordinating our gradual and safe transition to on-campus instruction and college operations.

The guiding principles of the college's "Lakeland Smart, Safe, Strong" task force are to: follow guidance from federal, state and local health experts (Lakeland Smart); accept social responsibility for the safety of ourselves and others (Lakeland Safe); and adapt to change with empathy and creativity (Lakeland Strong).

As such, there will be notable differences during fall semester to support physical distancing and hand hygiene:

- Students, staff and faculty are required to wear a mask or face covering.
- Entrances and exits of buildings with multiple doors will be marked as one-way.
- Chairs and desks will be arranged at least six feet apart in classrooms, conference rooms and study areas.
- Restrooms and elevators will have limited occupancy.
- Hand-sanitizer stations will be located at entrances and high-traffic areas.
- Employees and students will have access to cleaning products to wipe desks and counters as needed.
- High-touch surfaces will be sanitized throughout the day, and individual room and area cleaning will be conducted during closed hours.
- The college's HVAC systems meet ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers) requirements, which are fully aligned with the CDC, including fresh air changes and scheduled, regular replacement of air filters.
- Frequently visited office areas and some instructional settings will have plexiglass barriers.
- Signage and visual cues will indicate where to stand and wait for service.
- Consuming food and beverages is prohibited in campus buildings with the exception of the first and second floors of Breakers, and the designated area on the ground floor of H Building.

Creating a safe environment requires the cooperation of everyone on campus. Employees and students will be asked to review and acknowledge a Code of Personal Responsibility as a display of unity and commitment to each other.
