

THIS IS YOUR **WHY**

“ I want to work in health care to help people get back to leading their best lives. ”

THIS IS YOUR **HOW**

Multiskilled Health Tech

Lakeland
COMMUNITY COLLEGE

Build your own degree!

The multiskilled health technology degree option allows students to customize their education to become knowledgeable in more than one discipline. This option allows new or returning students the flexibility to choose the areas in which to specialize.

Cross-train in at least two specialization areas, selected from:

- » Administrative medical office assistant
- » Dental assisting
- » Electrocardiography
- » EMT-basic
- » EMT-paramedic
- » Health coach
- » Medical assisting
- » Medical coding
- » Nursing assistant
- » Personal trainer
- » Phlebotomy
- » Polysomnography (sleep tech)

In addition to the courses required for the specialty programs selected, students will complete general education and elective courses to fulfill the degree requirements.

» How long does it take to complete this program and be job-ready?

- » 62-65 credits (approximately 2 years).
- » Depending on the specialties chosen, programs may start either in spring or fall semester.

Credential

Many of the specialization areas have national certification or state licensure. Students may be eligible to sit for the appropriate certification or licensure exams when all specialty area requirements are successfully completed.

How to Start

Students must meet with an academic counselor for details about pursuing the multiskilled health technology program.
