Mechanical Engineering Technology

Lakeland's Associate Degree Program in the Mechanical Engineering Technologies prepares students to design and analyze mechanical elements to allow for immediate employment as a technician.

Mechanical engineering is used in mechanical processes such as: bike locks; aircraft carriers; children's toys; hybrid car engines; wheelchairs; sailboats; and medical devices. People in the mechanical engineering profession work in nearly every area of technology from aerospace and automotive to computers and manufacturing.

Career Opportunities

Employment of mechanical engineering technicians is projected to grow five percent from 2016-2026, as fast as the national average. Median national pay is \$56,250 per year. Mechanical engineering technicians work in a variety of industries. Job opportunities will differ by industry. Prospects may be best for those who stay informed regarding the most recent advances in technology.

Lakeland's Program

Lakeland's Mechanical Engineering Technology program is accredited by the Accreditation Board for Engineering and Technology (ABET) which is the recognized organization that sets the standard for programs in applied science, computing, engineering and engineering technology. Programs with ABET accreditation, allow students and employers to be confident knowing that a program meets the quality standards that produce graduates prepared to enter a global workforce.

Students in Lakeland's program learn to tap into their creativity, use current technology, and apply principles of mathematics and science to solve problems encountered in mechanical engineering technologies. In the classroom, students will perform and evaluate lab experiments, interpret and report results and make recommendations for improvements.

Engineering Technology Accreditation Commission

Computer Aided Design (CAD) Concentration

Students may choose to further focus their mechanical engineering studies to emphasize CAD for layout, design and creating drawings in mechanical and industrial application. This degree concentration is approved by the Alliance for Working Together (thinkmfg.org) to meet employment needs throughout Northeast Ohio.

Certificates

Earning certificates are short-range goals for students who plan to pursue the mechanical engineering technology degree. Upon completing the two certificates below, students may enroll for the third and fourth semesters to complete either the Mechanical Engineering Technology Associate of Applied Science degree or the CAD concentration degree or the manufacturing degree.

- Engineering Technology Foundations Certificate
- Mechanical and Manufacturing Technology Specialist Certificate

The Lakeland Advantage

- Expert classroom instruction and hands-on training using state-of-the-art equipment and the latest industry-standard software.
- Paid cooperative education field experience, and visits to area organizations and project sites to gain first-hand knowledge of the industry.
- Industry-recognized program with accreditation through ABET.
- Students will save on tuition when they transfer Lakeland credits to area bachelor's degree engineering programs.

Computer Aided Design Concentration (9444)

Associate of Applied Science Degree

This concentration emphasizes using CAD (computer aided design) for layout, design, and creating drawings in mechanical and industrial applications. This degree is approved by the AWT (Alliance for Working Together http://thinkmfg.com/) to meet employment needs throughout the Alliance in Northeast Ohio.

Students may substitute either COMM 1000 Effective Public Speaking or COMM 1100 Effective Interpersonal Communications. One of these 3 credit courses may be required for students transferring to a four-year college.

English course selection is based on placement rest results (ENGL 1111 English Composition I (B) is 4 credits; only 3 credits apply to the degree).

This course is designated as a technical course in the program. Students must earn a "C" grade or higher in the course to fulfill the college's graduation requirements policy.

Quality Education

Professors at Lakeland are experts in their fields with real-world experience. Lakeland prepares you for a high-demand career or for transfer to a four-year college or university. Access to bachelor's and graduate degrees is available on campus from partner institutions through Lakeland's Holden University Center (lakelandcc.edu/uc).

Affordable Tuition

Lakeland's tuition is about one-third the cost of most four-year schools. More than 50 percent of Lakeland students receive some form of financial assistance (lakelandcc.edu/tuition).

Convenience

Lakeland offers convenient day, evening, weekend and online courses (lakelandcc.edu/schedule).

Focus on Students

Lakeland offers a variety of student services to help you succeed, such as counseling, tutoring, computer labs, career services, free parking and affordable child care.

Opportunity starts HERE

Visit us on campus or online. Call 440.525.7900, email recruitmentcenter@lakelandcc.edu or visit lakelandcc.edu/visit for a campus tour.
