Important Information	Last year, millions of Americans didn't vote because they missed a registration deadline or didn't know how to register. • Many Ohioans are not aware that they must register to vote before they can cast a ballot - 30 days in advance of the election. • If you turned 18 recently, changed your name, moved, or haven't voted in recent elections, then you need to update your voter registration. • One out of nine of Americans have moved in the last year, rendering their former registration outdated. Updating your voter registration is the surest way to ensure a trouble-free experience at the polls.

So long as employees have their supervisors' approval, then reasonable amounts of time away from the regular work assignment to assist with limited, non-recurring, episodic college sponsored service projects does not have to be claimed as benefit time. Employees are encouraged to consider how they might, with supervisory approval, flex their work schedule to accommodate the volunteer activity.
