Written Information for Parents and Employees
Written information is to be developed and provided to parents and employees that include policies and procedures of the center containing, at a minimum, the following:

General Information
1. Center name, address, email address and telephone.
2. Description of the center’s program philosophy.
3. Days and hours of operation, scheduled closings and basic daily schedule.
4. Staff/child ratios and group size.
5. Opportunities for parent involvement in center activities.
6. Opportunities for parents to meet with teachers regarding their child.
7. Payment schedule, overtime charges and registration fees as applicable.
8. Programs are to have a policy in place describing supports for onsite breastfeeding or pumping for mothers who wish to do so (if the program serves infants or toddlers).

Center Policies and Procedures
1. Enrollment including required enrollment information.
2. Care of children without immunizations.
3. Attendance Policy:
   • Procedures for arrival and departure.
   • Program’s absent day policy.
   • Releasing child to people other than the parent.
   • Releasing a child according to a custody agreement.
   • Follow up when a child scheduled to arrive from another program or activity does not arrive.
4. Supervision of children, including a separate supervision policy for school-age children, if applicable.
6. Suspension and expulsion.
7. Ensure compliance with the Americans with Disabilities Act (ADA), including:
   • Administering medication to children with disabilities.
   • Administering care procedures to children with disabilities.
8. Outdoor play, including:
   • Limitations placed on outdoor play due to weather or safety issues.
   • Considerations may include but are not limited to temperature, humidity, wind chill, ozone levels, pollen count, lightning, rain or ice.
9. Food and dietary policy, including:
   • Information regarding meeting one-third of the child's recommended daily dietary allowance.
   • Policy regarding formula, breast milk, meals and snacks.
   • Policy on providing supplemental food.
10. Management of illness policy, including:
    • Isolation precautions.
    • Symptoms for discharge and return.
    • Notification of parent of ill child.
11. Summary of procedures taken in the event of an emergency, serious illness or injury.
12. Administration of medication and topical products policy, including:
    • Medical foods.
• Modified diets.
• Whether school age children are permitted to carry their own medication and ointments.

13. Transportation policy for:
  • Field trips.
  • Routine walking trips, if applicable.
  • Emergencies, including if the center will provide child care services to children whose parents refuse to grant consent for transportation to the source of emergency treatment.

15. Infant care, if applicable, including:
  • Feeding.
  • Frequency of diaper checks.
  • Information about daily activities.

16. Sleeping, napping and resting.

17. Evening and overnight care, if applicable.

18. Policy on hours of operation:
  • Closing due to weather.
  • School delays or closings.
  • Any other factors.

19. Situations that may require disenrollment of a child, if applicable.

20. Problem or issue resolution for parents or employees to follow when needing assistance in resolving problems related to the child care center.

21. Formal screenings and assessments on enrolled children and if the program reports child level data to ODJFS pursuant to Chapter 5101:2-17 of the Administrative Code.
Welcome

Welcome to Teaching Learning Center/Campus Kids (TLC/CK). This handbook contains information regarding the policies and procedures of our program. This handbook answers many of the questions you may have. It is very important that you read this handbook and keep it handy.

Our TLC program consists of an Infant/Toddler Developmental Learning classroom (ages 16 months to three years), two Preschool/Pre-Kindergarten classrooms (ages three-six years), and one part-time preschool (ages three-five years). Our CK program is an on-site childcare center that offers care for children ages three-five years. CK operates for student-parents attending Lakeland Community College and/or Holden University Center. The owner of our program is Lakeland Community College and the owner’s representative is the Dean for Applied Studies.

Licensed Center
The TLC/CK is licensed by the Ohio Department of Job and Family Services. The center operates legally in accordance with Chapters 5101:2-12 of the Ohio Administrative Code, governing licensure of Child Day Care Centers.

Step Up to Quality
Step Up to Quality is a five-star quality rating and improvement system administered by Ohio Department of Education and Ohio Department of Job and Family Services. Step Up to Quality recognizes and promotes learning and development programs that meet quality program standards that exceed preschool licensing and school age child care licensing health and safety regulations.

NAEYC Accredited Center
The TLC/CK is an accredited program by the National Association for the Education of Young Children. This accreditation ensures that the Teaching Learning Center has met the criteria for professional standards of excellence in the early childhood field.

Teaching Staff
The TLC/CK teaching staff is professionally trained in early childhood education and child development. All teachers hold minimally, an Associate Degree in Early Childhood Education and an Ohio Pre-K teaching license (or equivalent teaching license). Teachers are also certified in first aid, communicable diseases, child abuse prevention and infant-child CPR. Each teacher is required to take a minimum of ten hours of professional training every year.

Early Childhood Lab School
The function of the TLC/CK, at Lakeland Community College, is to train Early Childhood Education (ECE) students that are preparing for teaching careers with young children. Students will gain experience in all aspects of operating an early childhood classroom, including opportunities to interact with our families. Students are assigned to a classroom each semester. Additionally, students enrolled in other programs at the college, such as Psychology, Nursing, and Occupational Therapy, may also participate in hands-on activities with the children enrolled in the program.

Building Security and Access
Parents/caregivers are given a personal pin code that will give them access to enter the secure front door of the center. Families are asked not to share the code with their child, other family members or friends. For security purposes, the code should be used for their sole entry. Building security is monitored by the Lakeland Police Department.

Calls made to the center between 9:00 am and 4pm will be answered by the receptionist on duty. Calls and messages will be forwarded to the intended recipient. Center staff have immediate access to working telephones in each classroom.

2. Philosophy, Mission Statement and Program Goals

**Philosophy**
We believe children learn through hands-on experiences that are active, engaging, and meaningful, in a play-based environment that fosters development of the whole child. Teachers are facilitators, who actively participate in children’s learning, while developing a partnership with each family. These professionals create an environment that meets the individual needs of all children while fostering independence, promoting problem solving, and strengthening communication skills. Each classroom should be welcoming and establish a culture for learning, through setting appropriate goals for children, in a developmentally appropriate environment that celebrates diversity.

**Mission Statement**
The mission of our program is to provide a safe, quality learning environment for young children, while modeling a developmentally appropriate early childhood program for Lakeland Community College’s Early Childhood Education Department.
Program Goals

- Provide an educational childcare program of the highest quality to Lakeland Community College and community families.
- Provide children 16 months to 6 years of age with developmentally appropriate educational experiences.
- Provide a quality program whose curriculum is based on promoting development in all areas addressed in the Ohio Content Early Learning Standards.
- Establish a positive ongoing rapport with caregivers by being supportive of families’ goals and needs.
- Serve as a training facility and observational site for Lakeland Community College students that are preparing for careers in Early Childhood Education, Psychology, Nursing, Education, and other related fields.
- Function as a laboratory for the development of curriculum and teaching strategies for early childhood centers.

3. Curriculum Guidelines

The center incorporates the following into its core curriculum practices:

- Ohio’s Educational Standards
- NAEYC Program Standards
- Creative Curriculum
- Brigance Standard Screening Assessment Tool
- DECA Social/Emotional

Birth Through Kindergarten Entry,
Learning and Development Standards Kindergarten Through Grade 3,
Early Learning and Development Standards, and Ohio Learning Standards (K-12)

The Ohio Learning and Developmental Standards were created as part of a collaborative effort of state agencies serving young children, including Ohio Department of Education, Ohio Department of Job and Family Services, Ohio Department of Health, Ohio Department of Mental Health, Ohio Department of Developmental Disabilities, and the Governor's Office of Health Transformation. The state agencies worked with national experts and writing teams, made up of Ohio-based content experts and stakeholders, to revise and expand standards.

- Social and Emotional Development
- Physical Well-Being and Motor Development
- Approaches toward Learning
- Language and Literacy Development
- Cognition and General Knowledge

NAEYC Program Standards - National Association for the Education of Young Children
4. Days and Hours of Operation

TLC full-time hours of operation are Monday through Friday (year-round), 7:15am - 6pm
TLC part-time hours of operation are Monday through Friday (September-May), 9 -11:30am
The TLC follows the Lakeland Community College holiday closure schedule:

- Labor Day
- Martin Luther King Day
- Friday before Presidents Day
- Memorial Day
- Fourth of July
- Thanksgiving

The dates for the December holiday break are determined in October.
In addition to holiday closures, the TLC/CK is closed for 5-7 days for Teacher
Preparation/In-Service, and two weeks in August.

Campus Kids (CK) hours of operation are Monday through Friday (spring and fall
semester), 7:15am-6pm. Summer semester hours are based on needs and staffing.
CK follows the college’s academic schedule for closures and only remains open when
classes are in session.

5. Staff-to-Child Ratios

<table>

</tbody>
</table>

The center is licensed to accommodate two 16 month olds, 14 toddlers, 72 pre-school
and 23 school-aged children. The program maintains a quality ratio of 1:6 in the toddler
room and 1:10 in the preschool room at all times, in both indoor and outdoor settings.
Ratios for toddlers and preschoolers may be doubled for one and a half hours at naptime,
if all children are resting quietly on their cots, and enough staff is in the building to meet
the required staff-to-child ratio in cases of emergency.

6. Parent/Caregiver Involvement

Success in an early childhood classroom depends on cooperation between
parents/caregivers and teachers. Parents/caregivers are asked to remain informed of
center activities by reading newsletters, emails, and by reading announcements posted
on the center’s communication app. Parents/caregivers will have opportunities to
participate in individual conferences with the Lead Teacher, but daily communication is
also encouraged.

The TLC/CK recognize the importance of the parent/caregiver’s role in their child’s early
education and care. The staff welcomes them to be observers and contributors to our
program. We encourage both parties to work collaboratively, to establish and maintain a
positive and productive relationship, that has the goal of helping children reach the
optimum level of development. We hope all communications will be open, respectful and
reciprocal. The center reserves the right to make judgments concerning the permanent
disenrollment of any child from the center, if at any time the relationship between the
parent/caregiver and the center’s staff becomes negative and interferes with the purpose
of the center.
**Conflict Resolution**
A parent/caregiver who needs assistance with problems, or who has a concern or complaint, with or about some aspect of the program, should try to discuss and resolve the difficulty directly with the Lead Teacher, and then the Director. In the event that a difficulty remains unresolved, the parent, Lead Teachers and Director will discuss the issue with the college’s dean. From this meeting, a recommendation or decision will be made to the center staff regarding the matter. The Lakeland Feedback/Complaint page on the Lakeland website: [https://lakelandcc.edu/feedback](https://lakelandcc.edu/feedback), may be utilized if the matter cannot be settled to the parent’s satisfaction. Annually, parents are given an opportunity to formally evaluate the center.

**Parent/Caregiver Observation/Visitation and Access to the Facility**
Any custodial parent or legal guardian of a child enrolled in the program, is permitted unlimited access to the center during our hours of operation, for the purposes of observing their child. Upon entering the premises, parents shall notify the director or designee of their presence.

**Parent/Caregiver Communications**
Parents/caregivers are expected to check their emails, the center’s communication app, and parent communication board for messages, newsletters, and other pertinent information. Parent/caregiver information boards outside each classroom contain notes of interest to parents.

**Parent/Caregiver Programs and Activities**
Our program encourages engagement in many ways. The Parent Committee is a way that we reach out to families to support the value of the family’s role in their child’s TLC/CK experience. Parent Committee meetings are planned throughout the year for families to get together and discuss issues of interest. We provide social events throughout the year such as Family Night, Earth Day, Week of the Young Child, holiday celebrations and educational workshops. The Family Resource Center provides educational resources for families, as well as developmentally appropriate activities to engage their children. Besides the literature, we will host visitors/guest speakers that will provide education on child development, and offer services to meet their family needs. The ultimate goal is to reach out to families, in an effort to demonstrate the value we place on partnering with families. Parents/caregivers are encouraged to share a special activity, skill, or talent with the class.

**Center Communication App Policy**
TLC/CK will use an app-based communication platform that teachers, and parents/caregivers use daily. This form of communication is used to build relationships by sharing what is being learned in the classroom through photos, videos, and messages. Parents/caregivers will be provided an access code upon enrollment. In addition to the daily posts, parents are encouraged to communicate with teachers via comments on posts, pictures of their children, and private messaging. Photos posted on the communication app cannot be used for social media. The communication app is also used by the director to post reminders, events, and other pertinent information.
7. Parent/Caregiver-Teacher Meetings

**Parent/Caregiver-Teacher Conferences**

TLC Parent Teacher Conferences are offered in October, January, and May. During the October and/or January conferences, the parents/caregivers and teachers will discuss the child’s development and share screening and/or assessment results. The teacher will work with the parents/caregivers to create an Individual Development Plan for each child.

At the May conference, the teacher and parents/caregivers will discuss the appropriate timing of transitioning the child into a different classroom. All documents will be transferred to the lead teacher of the new classroom, prior to the child’s transition. A portfolio, including developmental progress reports, is assembled for each child throughout their duration of time at the center. These portfolios are shared with the parents/caregivers during conferences, and given as a keepsake upon the child/family’s departure from the center.

The Campus Kids (CK) lead teacher will offer one conference each semester. These conferences give parents/caregivers and teachers the opportunity to meet privately, and share information about the child’s development at both home and school. A parent/caregiver or teacher may also initiate a conference at any time during the year.

Conferences may be held in-person, virtually or by phone.

8. Payment Policies

**TLC Tuition and Fees**

Enrollment in the full-time TLC programs is considered continuous for the year (August-August). Families commit to a one-year enrollment slot for childcare, by contract agreement. Tuition is a yearly fee and is calculated to include all days of operation. Full-time tuition is broken down weekly and payment is due by the beginning of each week, using the center’s payment app. Families are charged for all days that a child is enrolled, whether the child is in attendance or absent. Two weeks of vacation time will be granted to each family during each school year. Vacation time must be requested two weeks prior to time taken. All children continuing their enrollment slot through August, and children not continuing to kindergarten, will automatically be re-enrolled for the next school year unless proper notification is provided to the center director. The last day of school for children transitioning to kindergarten, will be the last day of summer operation, before the center’s two week closure.

Enrollment in the part-time TLC program is considered continuous for the year (September-May). Parents/caregivers commit to a one-year enrollment slot for childcare, by contract agreement. Tuition is a yearly fee and is calculated to include all days of operation. Part-time tuition is due by the beginning of each month using the center’s payment app.

No credit on tuition is given for absence due to illness, appointments, scheduled school holidays or school closings. When holidays occur during the school week, full tuition is charged.

Enrollment in the Campus Kids (CK) program is committed on a semester basis. Families will receive a tuition contract each semester. Tuition credit will not be given for any absences due to illness, appointments, scheduled school holidays or school closings. When holidays occur during the school week, the parents/caregivers are still required to pay for the scheduled hours, if they would have class normally, on the day the college is closed. The registration fee is $10.00 per school year and the hourly fee is $2.50 per hour.
Refunds

If a family chooses to withdraw their child, prior to entrance at the TLC, there will be no refund of any fee. The center must be notified if parents/caregivers choose to withdraw a child, with a written two week advance notice. Full fees remain due until the expiration of the two week notice time period, whether the child is in attendance or absent.

Campus Kids (CK) registration fee is non-refundable. Students who drop their classes will be entitled to the following refund policy:

- First week of the semester: 100%
- Second week of the semester: 50%
- After the second week: Non-refundable
- All childcare fees need to be paid in full by the third installment date of Lakeland’s Tuition Loan Payment Plan.

9. Supports for Breastfeeding Mothers

Our program is committed to providing a breast-feeding friendly environment for our enrolled children and staff. The TLC/CK programs subscribe to the following policy:

Breast-feeding mothers, including employees, shall be provided a private and sanitary place (L-25C) to breastfeed their child, or to express milk. This area has an electrical outlet and a comfortable chair.

Policies and Procedures

1. Enrollment Information

Enrollment in the TLC is open to the public. As a college facility, the center is committed to the policy that all persons who may benefit from our type of curriculum, shall have equal access to the program and facilities. Children shall be 16 months to five years of age at the time of enrollment. A pre-registration form is to be completed. Openings are filled on a first come, first served basis with preference given to siblings of children presently, or previously enrolled. Each child and parents/caregivers will have a personal interview prior to enrollment in the TLC. The center reserves the right to make all final decisions regarding the initial, and continued enrollment.

Enrollment in Campus Kids (CK) is open to children of Lakeland Community College and Holden University Center students. Children must be three-five years of age and potty trained at the time of enrollment. Vacancies are filled on a first-come, first-served basis. The center reserves the right to make all final decisions regarding the initial and continued enrollment.

Registration Forms

At the time of registration, the following enrollment papers will be given: a child enrollment and health information form, personal history form, permission forms, a medical form, and an emergency medical authorization form. Ohio Laws for Child Day Care Centers require that each child is examined by a licensed physician, prior to the date of admission or within 30 days of enrollment, and annually thereafter, until six years of age. Prior to the date of admission means within six months for children less than three years, and within 12 months for children three to six years of age.

The center must have the completed emergency medical forms on file before a child is eligible to receive child care. The center must be promptly informed of all changes of address and/or phone numbers (home and work), for purposes of safety and keeping the most up-to-date information on file.
Transition into the Center

TLC Parents/Caregivers receive a written copy of the formal transition schedule prior to the child’s first day of child care. Families are encouraged to schedule an informal visit to the child’s classroom during the week prior to the child’s first day of care. This helps the child and parents/caregivers to become familiar with the school environment in a relaxed, unhurried manner.

The first day a child attends the TLC full-time program, parents/caregivers must remain in the classroom for the duration of the scheduled two-hour transition. During the two-hour transition timeframe, the parents/caregivers receive a classroom tour and pertinent information about the classroom from the lead teacher. The second day of attendance is a four hour timeframe, through lunchtime routines, while the parents/caregivers view the classroom using the observation booth. The lead teacher is available to the parents/caregivers throughout the four hour timeframe. On the third day of attendance, the child experiences a full day of care. This transition process allows the child to receive the required extra attention that is necessary to become acclimated to a new classroom, teachers, and friends. One teacher accepts the role as the child’s “special teacher” and begins to form a bond by experiencing the morning routine, stories, puzzles, painting, music, and large motor activities alongside the child. For the first week of attendance, Parents/Caregivers will be given a verbal daily report regarding the child’s progress. Children requiring extended transition time will be determined on an individual basis.

TLC Part-time Preschool children are invited to an open house that is held prior to their first day of school. This allows the children to meet their peers and teachers, and become familiar with the classroom environment.

Campus Kids (CK) enrollment is ongoing through each semester. Children enrolled in the program are invited to visit the school prior to their first day of attendance.

Upon enrollment, all children at the TLC/CK will receive a “Welcome to your Classroom” book that includes pictures of their teachers, classroom and school.

2. Care of Children Without Immunizations

In the state of Ohio a child is not required to be immunized against a disease specified in 5104.014. However, we will need a statement from the child’s physician stating that the child is not immunized due to medical reasons, or the immunization is not medically appropriate for the child's age. If there is not a medical reason for the child not to be immunized, the child’s parents/caregivers must provide a written statement that they have declined immunization due to religious, or conscience reasons.

3. Attendance Policies

Arrival and Departure Process

Mandated by the state of Ohio, parents/caregivers are required to accompany their child/children in and out of the center. No child under the age of 18 is permitted to be left in a vehicle unattended. Parents/caregivers will be greeted at the classroom door during arrival and dismissal. Staff is to be informed at arrival about any circumstances in the home that may affect the child’s behavior at school (special visitor, late bedtime, etc.). If parents/caregivers will be late, follow the guidelines for late pick-up.
**Arrival from Another Program**

Arrangements to arrive from another program to the TLC/CK require the notification and permission from the TLC/CK, the child's parents/caregivers, and the other program. When such arrangements are made, and the child is more than twenty (20) minutes late arriving at the TLC/CK, TLC/CK staff will notify the parents/caregivers and/or the child's designated first/second contact about the situation. After contact from the TLC/CK, parents/caregivers will be responsible for contacting the other program regarding the latency of the child, and updating TLC/CK staff.

**Absences**

Parents/caregivers are required to call the center or use the center's designated communication app to notify staff of a child's absence, no later than 9:30am.

**Late Pickup**

Late fees are charged when a child is picked up after 6pm. If the parents/caregivers are delayed, they must promptly notify the TLC/CK staff. Staff will reassure the child and a late fee of $5.00/15 minutes past the closing time will be assessed.

Campus Kids (CK) parents are expected to be punctual when arriving to pick up their child. If the parents/caregivers are delayed, they must immediately notify the TLC/CK staff. A one-hour additional late fee will be charged when CK parents/caregivers are more than 15 minutes past the scheduled pick-up time.

If by one half-hour after the center closing time the TLC/CK staff has not heard from the parents/caregivers, and multiple calls to parents/caregivers and emergency contacts have been made, an emergency will be assumed. Lakeland Community College campus police will be contacted and the situation will become a matter of police record, as an emergency. Parents/caregivers who are chronically late will meet with the Director to discuss the issue. Consistent lateness may become cause for withdrawal of the child from the program.

**Child Release**

Children will only be released to parents/caregivers, legal guardians or persons for whom the center has written authorization on the child's release form. The parents/caregivers are responsible for informing a staff member, by phone or written notification, if the child is to be released to persons other than the parents/caregivers. A written permission will be required for persons not listed on the authorized pick up list and/or persons picking up the child on consecutive days. Proper photo ID will be required for the release of all children upon request of any TLC/CK staff member. A child shall only be released to persons 16 years of age or older, except when parent/caregiver's permission is on file. In cases of separation or divorce, legal evidence of custody agreement must be on file at the center. Children enrolled in the program may not be released to or transported by center teachers or staff while on the premises of Lakeland Community College.
4. **Supervision**

   No child shall ever be left alone or unsupervised in the classroom or in the outdoor play area, at any time, for any reason. Teachers must be able to see and hear all of the children at all times. TLC/CK staff are responsible for the health and safety of the children while they are in attendance. Staff members are trained in pediatric first aid, recognition of communicable disease, child abuse prevention, and CPR. College students will assist in the classroom only under the direct supervision of a TLC/CK teacher.

   No child will be permitted out of the center without adult supervision. Children will be signed in and out on the classroom daily log, upon arrival and departure, and staff members are to be made immediately aware of the child’s presence or departure.

   All Lakeland Community College safety policies and safety policies directed by the Ohio Department of Job and Family Services are observed by the TLC/CK program. The program medical, dental, and general emergency plan are located in each classroom and reviewed with all staff on a yearly basis.

5. **Child Guidance**

   The environment of the program is designed to promote positive interactions between adults and children, and enjoyable learning experiences for each child. Guidance in the program involves establishing rules for safety, general health, and social interactions in an environment offering a comfortable atmosphere and a consistent daily schedule. No adult will ever use corporal punishment, frightening or humiliating disciplinary techniques.

   Specific strategies for guidance and discipline in the program shall include:
   1. Using redirection and diversion rather than negative reinforcement.
   2. Changing the learning environment when it interferes with positive behavior.
   3. Setting clear, consistent, and reasonable limits and then following through on enforcing the limits.
   4. Stating the causes and effects of behavior, rewarding appropriate behavior that complies with the program rules and standards, and emphasizing positive behavior.
   5. When a child’s negative behavior involves frequent hitting, pushing, biting, or harm to himself, other children or equipment, the child shall be removed from the situation for problem solving, re-direction, and/or quiet time. This time shall be used judiciously before using timeout. One rule of thumb is “one minute for each year of the child’s age.”
   6. Parents/caregivers will be informed of inappropriate behavior (as described in number five) and discipline measures used. We do not recommend additional discipline by parents/caregivers at home for infraction of program rules. School behavior is mediated at school, but the staff may ask you to discuss a problem with your child.
   7. The specifications of rule 5101:2-12-19 under “Guidance and Management” of the Administrative Code shall apply to all employees of the TLC/CK program.
Biting Policy
Many children, during normal development, go through a biting phase. This is natural behavior for very young children, but cannot be permitted for the safety and well-being of the TLC/CK children. Staff will be alerted to a biting situation and take preventative measures to discourage the biting child and protect the other children.

Typically, the following steps will be taken:
1. Separation of the biting child and the bitten child.
2. The teachers will calmly and firmly communicate “Biting hurts. It is not okay to bite. It hurts when you bite.”
3. The biting child will be asked to help hold ice over the affected area.
4. If biting occurs frequently, the child may be given a teething toy and encouraged to bite appropriate items, such as food.
5. An incident report will be given to the parents/caregivers of the child who was bitten.
6. The parents/caregivers of each child will be notified of the incident that day.

Biting episodes often accompany periods during which the child is experiencing his or her independence. It is important that the teachers and/or parents/caregivers work closely together to provide consistent opportunities for language and social growth. A conference may be scheduled with parents/caregivers to assess the function of the behavior, possibly involve professionals, and to develop plan management strategies that can be carried out at home and at the TLC/CK. If the above-mentioned strategies do not reduce and/or eliminate the biting behavior, it may indicate the biting child cannot handle the demands and stimulation of the social group situation at this time. The child may be withdrawn. If this occurs, the decision for the withdrawal is the sole judgment of the Lead Teacher and TLC/CK Director.

6. Transition

Program Transition
Our program’s transition policy is based on each child’s individual needs. We take into consideration the following:

- How easily the child manages change
- Times of the day that are challenging for the child, such as nap time, lunchtime or outside play time.
- Whether a peer of the child also could transition to help support and comfort the child if needed.

Transition Process
Many children experience their first separation from parents/caregivers, and their first introduction to group care, when they enroll into our program. We want to assist with the child’s transition from home to school to ensure it is as smooth and positive as possible. With this goal in mind, each child will be gradually introduced to the classroom environment.

Transition into the Center: (see page 11)
**Classroom to Classroom Transition**

To prepare a child to transition to a different classroom, the current lead teacher will discuss a transition schedule with the parents/caregivers. The transition schedule is based on the needs of each individual child. The parents/caregivers will be given an opportunity to meet with the new classroom lead teacher prior to and/or after the child transitions. The child will have an informal visit to the new classroom for an hour, with their current teacher, to ensure a feeling of comfort and security. When the child is feeling comfortable, visiting times will increase in length and are unaccompanied. Once the child has fully transitioned to the new classroom, the parents/caregivers must spend one hour in the observation booth on a scheduled day/time of their choosing.

**Transitioning Into Kindergarten**

Beginning in January, a variety of kindergarten readiness skills are introduced and practiced in the preschool classrooms. Many activities are offered to help each child prepare for kindergarten. Busy bags, which are given to children who no longer nap, “Going to Kindergarten” stories, and visits by past students, who are now in kindergarten, take place in spring. Fun activities may include “cafeteria day” and “tray day”, as a few experiences the children enjoy. Kindergarten-ready children will be involved in a 4-week summer STEAM camp. A kindergarten teacher may visit the classroom, answer questions and reassure the children. Parents/caregivers are encouraged to begin kindergarten enrollment plans with their local public school or school of choice. A graduation ceremony is held at the end of May. Portfolios and work samples are given to each child to cherish and share with their kindergarten teacher.

7. **Americans with Disabilities Act Compliance Policies**

Children with special needs are considered on an individual basis as to the ability of programs to provide a developmentally appropriate program that will promote the total development of the child. The program must be determined to be the least restrictive environment for the child.

**Code of Ethical Conduct**

The program recognizes those who work with young children face many daily decisions that have moral and ethical implications. As members of the program’s teaching staff and team, the teachers agree to honor the following core values of ethical behavior:

- Appreciate childhood as a unique and valuable stage of the human life cycle.
- Appreciate and support the bond between the child and family.
- Respect the dignity, worth, and uniqueness of each individual.
- Respect diversity in children, families, and colleagues.

**Non-Discrimination Statement**

The program will not deny enrollment to any person regarding race, color, religion, gender, national origin, age, or disability. We ensure that American Disability Act requirements are followed in our procedure for administering medications and care to children with disabilities.

8. **Outdoor Play**

All children who are in attendance for four hours or more per day will experience daily outdoor play, weather permitting. Children should be dressed accordingly. The weather will be checked daily for any alerts that prevent the children from going outdoors, including high humidity, low windchill, pollen count, and inclement weather conditions.
9. Food and Dietary Policies

TLC/CK is a PEANUT-FREE FACILITY

**Ohio Healthy Program**

TLC/CK follow Ohio Healthy Program guidelines. We will implement the following:

- Make breakfast count
- Make snacks=mini meals
- Reduce screen time
- Make each plate a healthy plate
- Growing great tasters
- Build children up with words
- An hour a day to play
- Water first for thirst
- Take time for meals
- Good rest is best
- Cold weather fun
- Healthy Celebration

**Breakfast**

The center does not provide breakfast as part of the meal plan. Parents/caregivers who wish to bring in breakfast, must provide one with nutritional value. No sugary foods are to be brought from home as breakfast at school. All foods that have been opened must be thrown away after the meal/snack.

**Snacks (Mini-Meals)**

A nutritious morning and afternoon snack will be served and contain at least two of the four basic food groups; meat/meat alternate, bread/grains, fruit/vegetable and milk. The children often prepare snacks during class, as part of the educational curriculum. Snack/mini-meal menus are posted on the bulletin board outside of each classroom.

**Lunch**

Parents/caregivers of children enrolled in a full-time program at the TLC/CK, are required to pack their child’s lunch. The packed lunch should include one-third of the child’s recommended daily dietary allowance from all four food groups. Lunch will be served between 11:30am and 12:00pm.

Children attending CK between 11am-1pm must have a packed lunch provided by the parents/caregivers. This meal must constitute one-third of the child’s recommended daily allowance from all four food groups.

All lunches must contain the following:

- One serving of fluid milk (provided by the center)
- One serving of meat or meat alternative
- One serving of fruit*
- One serving of vegetable
- One serving of bread or grains

*A vegetable may be used to meet the entire fruit requirement. When two vegetables are served at lunch, two different kinds of vegetables are to be served.

*Many parents/caregivers use a Bento box style lunch box to pack their child’s lunch.
**Food Supplements and Modified Diets**
The Lead Teacher must be notified upon enrollment of any foods which a child may not eat for religious or medical reasons.

Parents/caregivers of children with special health needs, food allergies, or special nutrition needs, will be asked to fill out a “Child Medical/Physical Care Plan” for cultural or religious reasons, and will be asked to provide written, dated, and signed instructions. Children of any age with special feeding needs, each day staff members will provide the family with documentation of the type and quantity of food the child consumes.

The TLC/CK will make every effort to provide alternate foods to meet the daily-recommended dietary requirements and allowances. Parents/caregivers may be asked to provide alternate foods to meet the dietary requirements of each food group. When eliminating a food group, we will require a “Child Medical/Physical Care Plan” and a signature from the child’s physician.

**Milk**
As required by law, children older than 12 months, and under 24 months, shall be provided whole homogenized, vitamin D fortified cow’s milk. Children over 24 months will be provided 1% vitamin A or vitamin D fortified cow’s milk.

**Special Snacks and Treats from Home**
When sharing special snacks and treats from home, parents are encouraged to offer either whole fruits or commercially prepared packaged foods, in factory sealed containers. Foods that have been prepared by a store or restaurant are also acceptable. Please avoid foods with sugar substitutes, artificial colorings and chemicals. Special snacks/treats from home must be coordinated with the child’s teacher and must be from a peanut-free facility.

10. **Illness Policies**

**Management of Illness**
Parents/caregivers need to check their child for signs of communicable disease before sending him/her to school. The TLC/CK staff are trained to recognize the common signs of communicable disease and illnesses, and will observe each child daily before he/she enters the group.

A child is not admitted if circumstances outlined in the Health and Communicable Disease Policies are evident. Included will be the recognition of the following signs of illness: A child with any of the following signs or symptoms of illness shall be isolated from other children, but within sight or hearing always, until discharged to his/her parents/caregivers, guardian, or person designated by the parents/caregivers, within one hour of being contacted.

- Temperature of 100 degrees Fahrenheit, taken by an auxiliary digital thermometer method, when in combination with any other sign or symptom of illness.
- Skin rash; untreated infected skin patches, unusual spots or rashes.
- Diarrhea-three or more abnormally loose stools within a 24 hour period.
- Evidence of lice infestation, scabies or other parasitic infestation.
- Severe coughing, causing the child to become red or blue in the face or to make a whooping sound.
- Difficult or rapid breathing.
- Yellowish skin or eyes.
- Redness of eye or eyelid, discharge, matted eyelashes, itching, burning or eye pain.
- Unusually dark urine and/or gray or white stool.
- Stiff neck with an elevated temperature.
- Sore throat or difficulty swallowing.
- Vomiting more than one time or when accompanied by any other sign of illness.
Children who have been absent from school for illness may return when they are no longer contagious and/or have been without a fever, vomiting, or diarrhea for 24 hours. Medications used to control these ailments may not be given to the child 24 hours prior to returning to school.

Any child who is suspected of having a communicable disease or showing signs or symptoms of illness will be isolated and cared for in another room, or portion of their classroom, away from the other children. A parent/caregiver will be notified and expected to retrieve the child within 1 hour of being contacted.

If a child has been excluded from the program for any contagious disease or illness, a written statement from the physician will be requested to verify that the child has been diagnosed, is no longer contagious, and may return to the TLC/CK program. A sign is posted to notify parents when their child has been exposed to a communicable disease.

Parents/caregivers are encouraged to develop alternative sick childcare arrangements before they may be needed. The center has neither the facilities, nor staffing, to care for mildly ill children. If the child is considered by the parents/caregivers to be too ill to go outside, the child is too ill to be at the TLC/CK (see outside play policy).

The Ohio Department of Health “Child Communicable Disease Chart” is followed by staff and is posted for review by parents/caregivers and staff. All staff are trained in recognizing signs and symptoms of illness, proper hand-washing and infection control methods.

**Covid 19 Policy**

The TLC/CK will follow guidelines set by the Ohio Department of Health, Ohio Department of Job and Family Services, and Lakeland Community College regarding COVID-19. The director will provide the most current policy.

11. **Emergency, Serious Illness and Injury Procedures**

**Procedure**

1. Fire emergency, weather, alert plans, and general emergency plans are located in each classroom.

2. In the event of an emergency creating a need for medical or dental attention, the following procedures will be followed:
   a. If immediate emergency treatment is indicated, the Campus Police at Lakeland Community College will be contacted. Campus police will bring their emergency equipment to the area and call the rescue squad, if the need is indicated. Procedures for family contact on the child’s emergency form will follow.
   b. A child in need of emergency care away from the center, shall be transported in an authorized emergency vehicle, along with the child’s records and a staff member. Staff will remain in an authorized vehicle and/or hospital with the child until the child’s parents/caregivers assume responsibility for the child.
   c. If the parent cannot be reached and a doctor’s services are necessary, the campus police and TLC/CK staff will obtain the necessary medical information from the child’s file.
   d. In the event of an emergency evacuation, the children will be transported to Holden University Center (HUC).

3. All incidents will be reported to the TLC/CK director and logged on an incident form. Parents will receive a copy of the incident form.

4. All emergency evacuation drills (fire, tornado and school safety) will be conducted at varying, unannounced times each month. The program has posted a diagram showing building evacuation routes, and all exits are clearly marked.

5. The program will make every effort to provide a safe and secure environment. Parents/caregivers are encouraged to identify and discuss with the director, any perceived risks to a child’s health or safety.
Permission to Transport for Emergency Treatment Policy
The TLC/CK program reserves the right to refuse enrollment of any child whose parents/caregivers do not give permission to the program, to transport their child in the event of an illness or injury, which requires emergency treatment.

Incident and Injury Reports
The TLC/CK will complete a report for the following: accident, injury, or illness which requires first aid treatment; bump or blow to the head; emergency transportation; or unusual, unexpected event which jeopardizes the safety of the children or staff. Parents/Caregivers must be informed of any injury a child has received. Staff is required to fill out an incident report when any injury has occurred while the child is in attendance at TLC/CK. Incident reports provide parents/caregivers with detailed information regarding the incident. The teacher and parents/caregivers sign the report. One copy is given to the parents/caregivers and one copy is placed in the child's file.

Insurance Coverage of Children and Staff Policy
Lakeland Community College carries general legal liability insurance for the campus. Children’s medical coverage should be carried under the parents/caregivers insurance policies.

12. Administration of Medications and Topical Products Policies

Prescription and non-prescription medications are not to be administered, unless instructions to administer such items are written, signed, and dated by a licensed physician and prescribed for a specific child. “Administration of Medication” forms are available at the TLC/CK. All paperwork must be completed before leaving any medication (prescription and non-prescription) at the TLC/CK.

Written, signed and dated instructions for medication must include the following:
1. Child’s name
2. Current date
3. An exact dosage to be given
4. Specific number of dosages to be given daily
5. Times the dosages are to be given
6. The route of administration

“Administration of Medication” shall be signed and dated by the licensed physician and/or a prescription label is attached to the original container of the medication. Non-prescription topical products or lotions will be applied to a child per instructions indicated by parents/caregivers on the topical form. When used for skin irritation, the topical product shall be applied for no longer than three consecutive days within a 14-day period. It is our policy that fever reducing, cough and allergy medication will not be administered without written instructions from a physician.

At least one adult trained in the medical procedure/administration of the medication must be on-site when the child is present. The staff member responsible for administering the medication must sign the child’s “Medical/Physical Care Plan” form and complete any associated forms each time it is administered. These forms are only valid for one year and updated when necessary.

All medications must be given directly to TLC/CK personnel for immediate locked storage, per individual medical instructions, inaccessible to children while allowing for quick access to staff.
13. **Transportation Policies**
   
   - Children are never transported off-site unless it is an emergency. In the event of an emergency, children will be transported to Holden University Center (HUC).
   - All routine field trips are walking trips around campus.
   - Parents/caregivers must complete a permission slip for routine trips including the child’s name, birthdate, destination, mode of transportation, signature and date. This form is good for one year.

14. **Water Activities and/or Swimming**
   
   TLC/CK do not participate in swimming activities. However, the children may use sprinklers and hoses during hot weather.

15. **Infant Care and Diaper Procedures (all ages)**

   **Toilet Learning**

   The program adopts the philosophy of toilet learning. Toilet learning is not required for entrance into the TLC toddler classroom. Parents/caregivers of toddlers should discuss their toilet learning plans with the lead teacher. Because children vary in their developmental readiness for toilet learning, the family and classroom teachers will work together to make toilet learning a positive, successful transition for each child. Completion of the toilet learning process is required for entrance into all preschool and school-age classrooms. These classrooms are not equipped with diaper changing areas. If a child has a medical condition that interferes with their ability to complete the process of toilet learning, accommodations can be made.

16. **Sleeping, Napping and Resting Policies**

   According to the [Ohio Department of Job and Family Services](https://www.jobsandfamily.ohio.gov/) licensing laws, “any child that is in attendance for more than six hours in a day is required to have a nap time/quiet time that allows each child to sleep/rest for a minimum of one and a half hours”. Teachers and assistants will position themselves to see and/or hear all resting/awake children and will check on the well-being of sleeping children every ten minutes. Children may engage in a quiet time cot activity after a reasonable period of rest or sleep.

   **Special Items From Home**

   Preschool parents/caregivers may be encouraged to help their child select something to share with friends on show-and-tell days. Books, games, music and nature items are examples of sufficient/acceptable items. Anything related to education, sports and the arts will be a welcome choice to share. **Children should not bring valuable or breakable items to the TLC/CK.** Toys brought from home can present special problems for the child and staff, as prized possessions are very difficult to share. Parents/caregivers are requested to help children understand that toys are better left at home. For safety and programmatic reasons, toy guns, knives, swords, war toys, and/or any toy of a violent nature will not be allowed. Young children may like to have a security item from home, such as a blanket, a pillow, or soft toy to help bridge the gap between home and school, to use at naptime.
17. Closures Due to Weather, School Delays or Closings, and Other Factors

The TLC/CK will be open when Lakeland Community College is open, according to the program calendar. In the event of an emergency closing, the primary contact person in our Procare system will be contacted via cellphone, email and home phone number, by the Lakeland Community College alert system or TLC/CK staff.

Information on closings will be available on the Lakeland Emergency Closing Hotline, **440.525.7242**, at [lakelandcc.edu/closings](http://lakelandcc.edu/closings) and on *The Lakeland Network*. In addition, authorized closing information will be reported to these stations:

- An announcement that the Lakeland Community College main campus and/or off-sites are closed means that all classes and activities are canceled at the site(s) identified. This includes all special events, college offices and continuing education classes.
- If an emergency occurs during the school day necessitating the closing of any college site, an appropriate announcement will be reported to the authorized stations and Emergency Closing Hotline, at the earliest possible time.
- Any information regarding the Lakeland Community College main campus and/or off-sites broadcast on any other radio or television station is unauthorized and might be inaccurate. The college assumes no responsibility for college closing information on any other station. The college will report closings to the outlets listed above but cannot guarantee that a closed message will be broadcast.
18. Disenrollment

*Permanent Disenrollment Policy*

The goal of this policy is to limit or eliminate the use of suspension, expulsion and other exclusionary measures. The policy of the TLC/CK program is one of ongoing discussions so that parents and teachers can work out solutions together, and identify what is in the best interest of the child. If a solution is not able to be reached, the program reserves the right to make judgments concerning the removal from enrollment, of any child from the program, after the following steps:

1. After the director has employed the Staff Guidance and Management policy and the child’s well-being is still a concern as determined by the center.
2. The child cannot be served without a fundamental alteration of the program.
3. The child is a threat to self or others.

If disenrollment measures must be taken, the program offers assistance to the family in accessing services and an alternative placement. The program complies with federal and state civil rights laws.

19. Assessments

*Child Assessment Plan Policy/Referral Policy*

The assessment process includes a variety of tools, used throughout the year, to help track each child’s learning needs. The assessment includes a developmental screening; anecdotal notes and observations for identifying children’s interests and needs; checklists and screenings to identify developmental progress; and resources for arranging diagnostic referrals when needed. Other purposes include utilizing the assessments to adapt curriculum, teaching practices, and the classroom environment for the benefit of each child. These assessments will be shared with the parents/caregivers during the parent-teacher conferences.

All assessments, whether formal or informal, are to be used by the teacher and families as a means for evaluating the child’s needs and development. All assessments are confidential and consent must be given by parents/caregivers to share with outside resources.

Within 60 days of enrollment, all children will have a developmental screening. Referrals, if needed, will be completed within the following month. There will be additional communication with parents/caregivers whose child’s score indicated a need for further assessment. Within this time frame, parent-teacher conferences will be held to discuss the screening results. Communication with the family physician may be recommended. Various school districts, community agencies, and resources will also be made available to the families. Follow up support and planning will be developed with the TLC/Campus Kids and the child’s family.

20. Miscellaneous

*Director Office Hours*

The director has office hours posted Monday through Friday. If you would like to meet with the director at another time, please contact the director or receptionist, and a more convenient time will be scheduled.

*Roster Information*

A roster of contact information for parents/caregivers of children attending the TLC/CK is available upon request. Parents/caregivers may request that their name, telephone number, or e-mail is omitted from the roster, if shared with families.

*Child’s Health and Safety Policy*

Each child’s health and safety file is confidential, but is immediately available upon request from the director, parents/caregivers, legal guardian and regulatory authorities.
Child Abuse Policy
Staff needs to be alerted to the physical and emotional state of each child on a daily basis. Parents/caregivers are asked to inform the classroom teacher of any minor, or major, incidents that occur outside of school. This will enable the teachers to be aware of previous illness/injuries while caring for the child’s health and safety. If child abuse or neglect is suspected, as mandated reporters, under the Ohio Revised Code, “all child care staff are required to immediately report suspicions of abuse or neglect to their local public children's services agency. A report to Lake County Jobs and Family Services can be made by phone 440-350-4000, in person, or in writing”.

Birthdays
Children enjoy celebrating their birthday at the TLC/CK. A special snack or treat is welcomed by all. Please do not bring in peanut butter or foods containing peanuts. Parents/caregivers must discuss their contributions for any celebration with the child’s teacher.

Holidays
Holidays are viewed as special times to celebrate and teach children about different traditions and cultures. The program does not offer religious instruction, but may discuss different holidays to help children understand and appreciate various traditions and cultures. We encourage parents/caregivers to share their family’s celebrations and traditions with their child’s classroom. Please talk to the lead teacher, a few days in advance, so that they may plan accordingly. If parents/caregivers have objections to the child’s participation in certain celebrations, please talk to the lead teacher. Arrangements will be made so that the family’s preferences may be honored.

Pet Policy
Children and pets are a natural fit. Pets provide opportunities for caring, nurturing, and developing a sense of responsibility toward all living creatures. Depending upon the health conditions of the children enrolled, the classroom may introduce a small pet for the school year. Some classroom pets may require the medical approval of a veterinarian.

Pets visiting the center are welcome if they are with an approved organization, such as Farm Park, Natural Wildlife Organization, or the Zoo, and have approval by the director.

Pets from home are not permitted to visit, due to the unpredictable circumstances a classroom environment presents. Adherence to this policy is appreciated and necessary.

Green Safe Environment - Air Pollution Policy
The center is a green safe environment. During operating hours, harsh chemicals, candles, air fresheners and aerosols are not permitted on the premises. Only mild solutions of bleach and water are used for cleaning and disinfecting during operating hours. The TLC/CK follow an air pollution policy under the guidance of the Facilities Management Department on the campus of Lakeland Community College, which includes discouraging idling vehicles in our parking areas. Through established protocol and communication procedures, the program is informed and advised of chemical use that may impact the program environment. When strong odors occur in the air, they are controlled using ventilation.

Integrated Pest Management Policy
The program works in conjunction with the Facilities Management Department to ensure that the facilities and surrounding outdoor play areas are insecticide, pesticide, and herbicide free.

Smoke Free Environment Policy
Lakeland Community College is a smoke-free work environment and follows the rules and guidelines of Lakeland Community College and the Ohio Department of Job and Family Services. (5101:2-12-13)
