

Build on your credits from Lakeland Community College and earn your Bachelor of Science in Health Information Management from Franklin University. Lakeland graduates can earn the bachelor's degree by taking third-year courses at Lakeland and the remaining Franklin courses online. In this high demand major, you'll learn how to integrate the management of health information while adhering to the American Health Information Management Association (AHIMA) Code of Ethics, HIPAA regulations and organizational standards. When combined with information governance and the principles of teamwork, you'll have the confidence to develop and implement information systems solutions for any organization.

ADMISSION REQUIREMENTS:

Applicants must meet the requirements for admission to Franklin University. As a nonprofit, student-centered institution dedicated to removing barriers to higher education, Franklin has an open admission policy for its undergraduate programs. Students are admitted to the university on a continuous basis over the course of the year.

TUITION & FEES:

Franklin University tuition rates for each academic year are available at <https://www.franklin.edu/tuition-financial-aid/tuition-fees>.

REGISTRATION PROCEDURE:

Apply online to Franklin University at <https://apply.franklin.edu/> and request your official transcripts be sent from your previous school to receive your official transfer credit evaluation. Next, you should work with your community college regional manager to identify Lakeland third-year coursework. Then, register to take Franklin University's Learning Strategies Course (PF 321). Finish your bachelor's degree by taking classes at Lakeland's Holden University Center.

ACADEMIC CALENDAR:

Students are admitted to Franklin University continuously throughout the year. Courses are offered in 6, 12 and 15-week formats.

DELIVERY MODE:

Health Information Management courses are taught online to fit your busy schedule.

TEXTBOOK PURCHASE:

An e-textbook charge will be added to student accounts for the courses utilizing e-textbooks and covered by financial aid (if applicable) as payments are applied.

PARALLEL LAKELAND PROGRAMS:

The Associate of Applied Science in Health Information Management and multi skilled Health Technology are recommended paths of study, though any interested student may apply. Once all Lakeland requirements have been met, students will be required to complete 41 credit hours online through Lakeland's Holden University Center to complete the Bachelor of Science in Health Information Management.

TOTAL HOURS NEEDED:

The Bachelor of Science in Health Information Management degree requires a minimum of 134 credit hours, which includes 41 credit hours of Franklin University courses.

FINANCIAL AID INFO:
