

AI Think Tank

An AI-Powered Product Design Challenge

Date: Thursday, November 13, 2025 | Time: 2:00 – 3:30 p.m. | Location: A-Building, Room A-2100

AI Think Tank: Your Chance to Innovate, Collaborate, and Win!

You're invited to participate in our AI-Powered Product Design Challenge! Work individually or in teams (up to 3 people) in this fast-paced ideation challenge to develop and present a product idea. AI tools will enhance brainstorming, research, and proposal development. Product and target audience details provided at the event—no preparation necessary!

How It Works: 30-minute ideation period using AI tools → 1-minute presentation → audience voting determines winners

Prizes

Top 5 vote-getting ideas: \$100 VISA gift card each (teams split between members*)

Audience voters: Four \$25 gift cards awarded to voting audience members

Why Participate?

- Unleash creativity solving real-world problems
- Develop AI collaboration skills
- Gain presentation experience
- Win prizes
- Network with innovative students

Rules & Guidelines

- Open to all currently enrolled Lakeland students
- Participation limited to first 25 individuals/teams to register
- Teams may have between 1 and 3 members
- All work, including AI interactions, must be completed within 30-minute contest timeframe
- One minute presentation per participant/team
- Plagiarism is strictly prohibited. While AI can assist, the final idea and proposal must be original to the team.
- Judges reserve the right to disqualify any entry that violates the spirit of the contest.
- * Teams will split the \$100 between all team members with gift card denominations adjusted to accommodate team members.
