How to access Candid tools at Lakeland Nonprofit Center

Foundation Directory Professional and Grants to Individuals are available for in-person access at our location. Representatives of nonprofit and grassroots organizations, students, and other community members are welcome to use the databases in the Lakeland Computer Lab in A- 1046. The computer lab location and hours can be found [here](#). (Additional locations in the Lakeland Library and at the Holden University Center will be open soon.)

Foundation Directory Essential is available for remote access throughout 2021 by request by completing a [request form](#). After you receive the link via email, you will be asked to create an account and sign up for a day pass. The day pass allows users to use Foundation Directory Essential remotely in a 24-hour window. There is a clock at the top of the screen that will tell you how much time remains in the pass. After the 24 hours, the clock will show the next date on which you can activate a new pass (every 30 days).

Since you will be able to create individual accounts in Foundation Directory Essential, you will have access to the MyFDO features that were not previously available. You will be able to create dashboards and save searches and return to them each time you activate a new pass. The day pass allows Candid to continue providing remote access in a secure and automated way to people all over the world.

Making the most of each Foundation Directory Essential day pass for remote access

Our data shows that most Foundation Directory subscribers log in for an hour or so to do concentrated research. While the day pass gives you 24 consecutive hours per month, here are the ways in which you can maximize your usage:

- **Prepare:** Before logging in for the first time, explore how you can use Foundation Directory by watching our [online tutorials](#) or [by signing up for a training](#) hosted by the Nonprofit Center.
- **Timing:** Log in at a time when you can come back to the site (if needed) within a 24-hour period. For instance, logging in at 1PM would give you the ability to log back in on the same pass the next morning at 9AM.
- **Offline research:** Take advantage of Foundation Directory's robust download/email features; you can run searches on Foundation Directory Essential and then download or email yourself the prospect list for offline reviewing.
- **MyFDO:** When you're logged in, you can use the features of MyFDO to create personal dashboards, tag favorite grantmakers, and save searches under your username. Then you can return to them each time you activate a new pass and pick up exactly where you left off.
- **One-on-one support:** If there is a piece of information that you need to find while you are waiting for your next pass, reach out to nonprofitcenter@lakelandcc.edu to ask for assistance.
