### Log in to myLakeland

2. You will be prompted for username and password. When logging in the first time, you will be asked to set up four security questions that will later allow you to reset your myLakeland password should you ever forget it.

**Username:** Your username is the first part of your Lakeland student email address before the “@” symbol. Example: `jsmith12` of `jsmith12@mail.lakelandcc.edu`.

**Password:** Your default password is sent to the email address provided on your application for admission. For security purposes, the default password is a random series of characters. The first time you log in, you will be required to complete a set of security questions to help ensure the safety of your personal information. It is recommended that you also take the time to change your password to something you can more easily remember.

To request your username or reset your password, visit the “Login Assistance” link on the **myLakeland** login screen and follow the instructions under Password Change/Reset App. If you are still having trouble, please contact the Help Desk.
